

Beast Hockey Global USA

TEAM DESCRIPTIONS

Which Team is best for me?

Beast Hockey Global will organize four well-balanced teams based primarily on player skill level and the anticipated pace of play. Our goal is simple: place every player in a competitive environment where they can contribute, have fun, and enjoy the best possible tournament experience.

Teammate requests are encouraged and will be prioritized whenever possible, provided the requested players are of reasonably similar skill levels. Because our teams are formed well in advance of the tournament, and before we know the exact strength of our European opponents, initial team placement is based on the level of competition we anticipate from our experience in previous tournaments.

Occasionally, adjustments may be necessary to create the most balanced and competitive teams possible. Any proposed player movement will be discussed with the affected player before a change is made.

When registering, please select the team level that most accurately reflects your current playing ability and desired level of competition, as well as that of any teammates you would like to play with.

Above all, this is a competitive friendship tournament. We are always competitive, but sportsmanship, camaraderie, and creating an unforgettable experience remain our priorities. Teams are co-ed and open to adult players of all ages, with placement determined by skill level, competitive experience, and preferred pace of play.

BEAST HOCKEY GLOBAL USA — GOLD TEAM

A Level | Advanced / Highly Competitive

Designed for advanced players with significant high-level playing experience, including former AAA, junior, college, and professional players. Expect a fast, skilled, and highly

competitive pace.

BEAST HOCKEY GLOBAL USA — SILVER TEAM

B Level | Advanced-Intermediate / Competitive

Designed for experienced, high-level players with a strong hockey background, including competitive youth and/or competitive adult experience. Players should be comfortable with a quick pace and competitive game environment.

Note: Gold and Silver teams may compete in the same division depending on tournament placement and available divisions.

BEAST HOCKEY GLOBAL USA — RED TEAM

C Level | Intermediate / Recreational

Designed for solid recreational players with intermediate hockey skills and fundamentals who are comfortable playing organized, competitive adult hockey.

BEAST HOCKEY GLOBAL USA — BLUE TEAM

D Level | Developmental / Recreational

Designed for developing and relatively newer players who may have more passion than experience. The emphasis is on enjoying competitive hockey at an appropriate pace while being part of the full Beast Hockey Global experience.

Note: Red and Blue teams may compete in the same tournament division depending on tournament placement and available divisions.

Not sure which team is right for you? Select the level you believe best represents your ability when registering. Beast Hockey Global will review team rosters and work with players to ensure the best possible fit.
